About me	nitishpatkar.com nitishspatkar@gmail.com in Swiss C-permit	Ph.D. in Computer Science with hands-on experience bridging business needs and technical delivery across software and AI-driven projects. Focused on Digital Sustainability. Associate Member of IREB. Looking for roles where I can bridge strategy and implementation, help clients make sound technical decisions, and turn complex, evolving requirements into working solutions.
Work experience	FHNW Senior Researcher Mar 2022 – Present Brugg, CH University of Bern Research Assistant Feb 2018 – Feb 2022 Bern, CH ActiDo GmbH Web Developer Jan 2017 – Jan 2018 Paderborn, DE University of Paderborn Research Assistant Jan 2016 – Jan 2018 Paderborn, DE Infosys Ltd. Systems Engineer Jan 2012 – Jan 2014 Pune, IN	As technical lead, project manager, and consultant, led end-to-end digital transformation across multiple projects, from acquisition and scoping to delivery. Translated business goals into technical strategy through requirements engineering, stakeholder collaboration, and solution architecture, and coordinated cross-functional teams. Engaged funding agencies to secure digitalisation initiatives. Delivered applied innovation projects with SMEs and startups, secured project funding through successful proposals, and contributed to teaching and mentoring of junior professionals. Supported 200+ young professionals across the full software project lifecycle, with hands-on guidance in software engineering practices, delivery workflows, and project execution. Built React front-ends from UI/UX specs; responsible for HTML, CSS, and frontend logic. Elicited requirements from Volksbank stakeholders and translated them into implementable solution scope; developed a single-page application using Angular and Django REST. PLM development on Windchill; delivered enterprise web apps for Cox Communications and other telecom clients.
Education	2018 – 2022 University of Bern Ph.D. Computer Science, Switzerland 2014 – 2018 University of Paderborn M.Sc. Computer Science, Germany 2009 – 2012 University of Mumbai B.E. Computer Science, India
